

At Sherburn High School we pride ourselves on finding opportunities to take learning outside the classroom and provide trips, visits and opportunities that enrich our students' cultural capital. We are also aware of the importance for parents to have as much notice of the costs of the trips as possible. To support your forward planning please find below a list of all trips and visits which are currently planned for this academic year with an estimated cost.

Opportunities for trips and visits can arise during the academic year and so this list is not exhaustive. Similarly we can only estimate the costs of these trips as some costs, such as coach transportation, can change quickly. Therefore the cost when the trip goes live on parent pay may be different.

Please also take note that trips will be advertised through a letter emailed to parents/carers and made live on ParentPay. A deadline to pay will be stated in the letter and this is a firm deadline - no student will be added after this deadline. If a trip arises and you need an extension to sign up please let the trip leader know in plenty of time as we will always try to make accommodations where possible but due to risk assessments and procedures we can not add students after the deadline.
