

Year 11 PPE 2 2025

Subject	PPE 2 Papers	Key topics for revision
English Literature	Literature Paper 1 1 hr 45 mins	Macbeth - the plot of the play, key characters, key quotations, using the course reader to revise, completing the tasks in the course reader A Christmas Carol - the plot of the novel, key characters, key quotations, using the course reader to revise, completing the tasks in the course reader
Maths	3 x 1.5 hour papers	Students should use 'maths genie' to revise as many topics as possible. It is better to revise a topic well then to revise lots but rush through them. The exam is a full exam so could have all GCSE topics on it.
Science	3 exams. Paper 1 biology, chemistry and physics. Combined science: 1 hr 15 Separate science: 1 hr 45	Biology topics: Cells biology, organisation, infection and response, bioenergetics Chemistry topics: Periodic table, bonding, quantitative, chemical changes, energy changes Physics topics: Energy, electricity, particle model, atomic structure and radiation
Geography	1 exam - 1 hour 30 minutes	This exam will include a range of questions from across paper 1 (Physical Geography), paper 2 (Human Geography) and paper 3 (Fieldwork). <u>Hazards</u> → Plate Boundaries → Global Atmospheric Circulation → Air Pressure and Surface Winds → Features of a Tropical Storm <u>Living World</u> → Managing the Tropical Rainforest

		<ul style="list-style-type: none"> → Thar Desert Case Study - Opportunities and Challenges <p><u>Coasts</u></p> <ul style="list-style-type: none"> → Coastal Processes - Erosion, Transport and Deposition → Coastal Landforms - Erosion and Deposition <p><u>Rivers</u></p> <ul style="list-style-type: none"> → River Processes - Erosion, Transport and Deposition → River Landforms - Erosion and Deposition <p><u>Urban</u></p> <ul style="list-style-type: none"> → Importance of Rio → Migration and UK Cities → Rio Case Study - Opportunities and Challenges in Rio <p><u>Economic World</u></p> <ul style="list-style-type: none"> → Development Indicators → The Demographic Transition Model → Consequences of Uneven Development → Social and Cultural Background of a NEE/LIC studied <p><u>Resource Management</u></p> <ul style="list-style-type: none"> → Factors Influencing Energy Consumption → Impact of Energy Insecurity → Local Renewable Energy in a LIC/NEE (Chambamontera) <p><u>Fieldwork</u></p> <ul style="list-style-type: none"> → Staindale Beck Study
History	2 exams: Making of America paper 1 hour History Around us paper 1 hour	<p>Making of America - all units; America's expansion 1789-1838, The West 1839-1860, Civil War and Reconstruction 1861-77, Settlement and Conflict on the Plains 1861-77, American cultures 1877-1900</p> <p>History Around Us - Temple Newsam, revise owners studied so far, the questions are open so whilst we are still studying Temple Newsam in lessons revise any early owner already studied (Darcy, Ingram, 7th Viscount etc) Focus on knowing the site</p>

		evidence (changes to the house, physical features) for each owner
RE	Amalgamated paper - 1h45	<p>Christianity practices Islam beliefs and teachings Theme A Relationships and Families Theme B Religion and life</p> <p>This is a mix of questions from Paper 1 and Paper 2.</p>
Music	1 exam 1 hour 15	<p>Listening - all key vocab -MADTSHIRT (68 marks) and Queen Seven Seas of Rhye, Love of my Life and Bohemian Rhapsody (14 marks) Usually the exam is 1 hour 30 but we have not studied the Beethoven Set work yet.</p>
PE	Combined paper 1 hour 30 minutes	<p>Usually pupils sit two papers each consisting of 78 marks and 1 hour 15 minutes. This time it will be a combined paper with a variety of topic areas across the range of sub-topic areas from years 9 and 10. This means any topic from year 9 and 10 could be on the test. No new topics from year 11 will be on PPE2.</p>

Food Preparation	1hr 45mins	<div data-bbox="1205 180 2018 292" style="border: 1px solid black; padding: 5px; margin-bottom: 10px;"> <p>Here is a suggested revision list to help prepare you for the exam. The pages numbers provided are from the GCSE AQA Food Preparation & Nutrition Collins Revision guide.</p> </div> <table border="1" data-bbox="1205 320 2018 1107"> <thead> <tr> <th>Mock Revision List</th><th>Page</th><th>Completed</th></tr> </thead> <tbody> <tr> <td>Why is food cooked</td><td>40-41</td><td></td></tr> <tr> <td>Food choice</td><td>76-77</td><td></td></tr> <tr> <td>Cooking methods and its effect on nutritional value</td><td>40-41</td><td></td></tr> <tr> <td>Nutrients macronutrients (Fat, Protein, Carbohydrate), micronutrients (vitamins and minerals), sources and functions, % energy source, (including water), fortification The long answer question requires this knowledge</td><td>20-27</td><td></td></tr> <tr> <td>Food science – denaturation, coagulation, enzymic browning, gluten formation, aeration, raising agents</td><td>41</td><td></td></tr> <tr> <td>Sensory testing</td><td>80-81</td><td></td></tr> <tr> <td>Labelling</td><td>82-83</td><td></td></tr> <tr> <td>Food waste</td><td>94</td><td></td></tr> <tr> <td>Diet and health, type 2 diabetes, obesity, coronary heart disease</td><td>28-31</td><td></td></tr> </tbody> </table> <p>Remember you can use www.Seneca.co.uk for revision of these topics too.</p> <p>Other revision material attached in the classroom.</p>	Mock Revision List	Page	Completed	Why is food cooked	40-41		Food choice	76-77		Cooking methods and its effect on nutritional value	40-41		Nutrients macronutrients (Fat, Protein, Carbohydrate), micronutrients (vitamins and minerals), sources and functions, % energy source, (including water), fortification The long answer question requires this knowledge	20-27		Food science – denaturation, coagulation, enzymic browning, gluten formation, aeration, raising agents	41		Sensory testing	80-81		Labelling	82-83		Food waste	94		Diet and health, type 2 diabetes, obesity, coronary heart disease	28-31	
Mock Revision List	Page	Completed																														
Why is food cooked	40-41																															
Food choice	76-77																															
Cooking methods and its effect on nutritional value	40-41																															
Nutrients macronutrients (Fat, Protein, Carbohydrate), micronutrients (vitamins and minerals), sources and functions, % energy source, (including water), fortification The long answer question requires this knowledge	20-27																															
Food science – denaturation, coagulation, enzymic browning, gluten formation, aeration, raising agents	41																															
Sensory testing	80-81																															
Labelling	82-83																															
Food waste	94																															
Diet and health, type 2 diabetes, obesity, coronary heart disease	28-31																															
French	Listening, reading and writing papers. Each lasts between 45mins-1 hour	Each exam will cover questions on the modules covered so far, including the most recent on the environment.																														

	depending on Foundation/Higher	There will be a speaking exam w/c 10.11.25. Main topic for revision is 'Holidays'. These questions will form the basis of the conversation section of the exam.
HSC	1 x 2 hour paper This will be a full past paper as it is the only PPE being set for the subject.	A full list of topics to revise can be found here
Photography	n/a	Students will complete an A04 outcome in lesson time - they will experience exam conditions and this will be completed in 5hrs
Art	n/a	Students will complete an A04 outcome in lesson time - they will experience exam conditions and this will be completed in 5hrs

Design Technology

2hrs

Please be aware you will be completing a Design and Technology PPE. The exam is 2hrs long and you will need a pen, calculator and a protractor. Please use your revision guide to support you revising these topics. We will be covering key topics in lessons /P7's in preparation for these mock. BBC Bite size is also a great website to support you personal revision . Please do ensure you access the AQA DT revision materials when you go on the website.

Mock Revision List	Completed
Metals, alloys and polymers	
Textiles and Manufactured boards	
Paper ,board and Timber	
Material Properties	
Planned Obsolesce	
Stock form	
Production of materials	
Uses of woods, metals and polymers	
Injection moulding	
CNC Router	
Renewable energy sources	
Ergonomics and anthropometrics	
Creating specification and the importance of them.	
Importance of modelling	
Orthographic projection	
Forces and stresses	
Maths element	Completed
Ratios	
Percentages	
Calculating angles	
Calculating the area of shapes
