## Policy Aims

School uniform is an important element of the school's vision and values. Therefore, all students are expected to wear their uniform correctly and take an active pride in their appearance. The school is a place of work and students' standards of uniform are expected to reflect the important nature of learning as well as appropriate health & safety considerations. Students are expected to respect and comply with the school uniform policy and will be sanctioned if they do not meet the agreed standards.

The School Uniform Policy supports us to:

1. Promote a sense of community and belonging to the school
2. Engender a sense of pride in, and loyalty to, the school
3. Enable students to feel equal to their peers in terms of appearance
4. Avoid discrimination and promote fairness and equality

The school uniform is also designed to be practical, smart and gender neutral.

All students should wear their uniform and conform to the policy when attending school, when representing school externally or when participating in an event organised by the school outside of school hours, unless permission is granted by the school to do otherwise.

All parents of students attending Sherburn High School are expected to support the school by ensuring that students conform to the policy. All staff will support the Uniform Policy by promoting and maintaining high expectations with regard to uniform in lessons and around the school in general.

The School Uniform Policy will be dynamically reviewed regularly to ensure it reflects fairness, sensitivity and meets legislation.

The school is committed to ensuring best value for money with uniform purchased. In addition, we want to be able to offer families choice when purchasing school uniform.

As a result of this, our new policy means that the only garments that are required to be bought from school are the following:

Students may wish to wear an alternative or additional garment (e.g. headscarf) for faith reasons. Where this is the case, permission should be sought from the school in advance.

Parents are asked to communicate with the school which religious items they would like their child to wear and the reasons why. The school may refuse permission on health and safety grounds but where it is granted all such garment items must be plain black with no logos or patterns.

The school can support students that are not in correct uniform by providing items to borrow until the correct items are purchased or worn.

Students that do not follow the school's uniform expectations will be subject to the school's behaviour procedures following the B2B system. This can result in after school detentions or isolation sessions.

## Sixth Form Dress Code

We recognise that self-expression and individuality is an important part of becoming an adult. Students are expected to dress in a manner that is appropriate for a site which is directly linked to accommodation for younger students. This means that offensive or explicit slogans and/or images on clothing should not be worn. Similarly, clothing that is particularly revealing and not considered 'work wear appropriate' will not be accepted. Students may be asked to go home and change if their clothing is deemed not to be appropriate

Rulings on dress code issues. The Head of Sixth Form will act as arbiter if a decision concerning the appropriateness of any element of the dress code is required.

The school follows government guidance to ensure that the school uniform is gender neutral, inclusive and financially accessible.
